

Bar / Beverage Closing Checklist

LAST CALL → BAR CLOSED → PRE-GATE G

OWNER Beer Tender / DKO-designated closer		DATE	NAME	DKO ON DUTY
--	--	------	------	-------------

1 · LAST-CALL EXECUTION

FOH Lead leads the floor; bar follows the cues

☐ T-30 (~9:30 PM): heads-up on bar orders mid-flight	☐ T-0 (~10:00 PM): kitchen closed — bar still pouring
☐ T-15 (~9:45 PM): no new tabs opened	☐ ~T+30 (~10:30 PM): final pour — bar closed
☐ T-10 (~9:50 PM): last drinks called — bar prioritizes pours	☐ No new orders accepted past final pour

2 · BAR SHUTDOWN

☐ All open bar tabs closed in Toast	☐ Glass-rinse station drained + cleaned
☐ Card batches submitted	☐ Soda / mixer guns rinsed + holstered
☐ Outdoor bar shut down (if active)	☐ Tap handles wiped down
☐ Cocktail well drained (if standard)	☐ Drip trays emptied + cleaned

3 · GLASSWARE & COCKTAIL WELL

☐ All used glassware run through dish	☐ Garnish containers covered + returned to walk-in
☐ Clean glasses returned to designated locations	☐ Spent garnish discarded — composted where possible
☐ Cocktail well wiped + sanitized	☐ Ice bins emptied / cleaned (per house standard)
☐ Barspoons, jiggers, strainers washed	☐ Ice scoops washed + stored away from bins

4 · SURFACES & TRASH

☐ Bar top wiped + sanitized	☐ Bar trash to dumpster
☐ Bar back / shelving wiped	☐ Recycling out
☐ Speed rails cleaned	☐ Floor swept + mopped behind bar
☐ Floor mats pulled, hosed, returned (per rotation)	

5 · BEER TAP LOG CLOSE-OUT & NEXT-DAY HANDOFF

feeds tomorrow's bar opener; bar inventory feeds OPS-SOP-007 §10

☐ Current keg level recorded for each tap	☐ Garnish prep needs flagged for next prep shift
☐ Empty kegs marked + staged for vendor return	☐ Cocktail tap volume risks flagged for DKO
☐ Backup kegs flagged where current is < ¼	☐ Any system issue noted (foam, temp, gas) → DKO
☐ Old Fashioned freezer stock recorded	☐ Beer Tap Log saved / submitted

6 · SECURE

☐ Open spirit / wine bottles secured per house standard	☐ Glycol system left running (do not shut off)
☐ Liquor / spirits inventory locked	☐ Bar lights off
☐ CO2 system left at operating pressure (do not shut off)	

Handoff to MOD · pre-Gate G

Bar close confirmed verbally to MOD. Beer Tap Log saved. Any beverage system risk escalated to DKO. Final walkthrough for lockup includes the bar.
